**SCHOOL OF LANGUAGES CIEL BRETAGNE
 LE RELECQ-KERHUON**

[Located in the west of Europe, C.I.E.L. Bretagne gives students easy access to Brest and Western Brittany.](#) Brittany is highly esteemed for the quality of its environment and the beauty of its landscape.

C.I.E.L. Bretagne, founded in 1987, is run by the Brest Chamber of Commerce and Industry and operates under a partnership agreement with the Université de Bretagne Occidentale.

All faculty members are specialized in the teaching of French as a foreign language.

The school is located in a magnificent 19th-century manor overlooking the Brest Harbour, one of the most beautiful in the world. Only half an hour away by bus from the city center, CIEL BRETAGNE at Le Relecq-Kerhuon welcomes its students in the heart of a huge park with modern facilities: a multimedia library, language lab, computer room, video room, cafeteria, and WIFI.

In total immersion in the French language, you will discover the habits and customs of Brittany in a welcoming host family, carefully selected by CIEL. You will be accommodated in a single room, half board from Monday to Friday and full board on the weekend.

BREST, BRETAGNE

Sheltered from the Atlantic in a [stunning bay](#) at the western tip of France, **Brest is part of Brittany, with a rich distinctive culture and language in the department known as Finistère** (translates as "end of the earth," or land's end). Thanks to its strategic location, Brest has a long naval history, and has been a port for both military and civilian ships, [nestled in one of France's most beautiful harbours](#). The Château on the water provides a glimpse of the past. Although it was heavily bombed in 1944, it has rebuilt itself around a vision of the future, with incredible constructions like the Pont de l'Iroise bridge, and the "[plateau des Capucins](#)", with the first urban cable car, which obtained the Ecodistrict Label in 2009. One of Brest's best-known attractions is Océanopolis, a large [aquarium](#) that focuses on oceanographic research. With a stunning coastline with charming harbours, the region of Finistère provides beautiful beaches and a rocky coast ideal for water sports and shoreline exploration.
